## Reminders and Tips

- Completing registration starts your enrollment for Summer at AXIS, but a staff member must complete the full registration manually. Please be aware that you may not receive your final confirmation until during business hours.
- You will receive an initial automated email letting you know that your enrollment request has been received. You can log in on a web browser and review your requested summer weeks through that email.
- After your request has been processed/completed by AXIS staff you will get a second automated confirmation email and you will be able to see your scheduled Summer at AXIS sessions under the attendance tab on your KT Connect app main screen.
- UPK does NOT pay any portion of summer preschool programs for students.
- If you are struggling with using an app or your phone you can try logging in to [family.kangarootime.com](https://family.kangarootime.com). The web page will mimic the same screens as the app, but for those who prefer a desktop this may work better.
